Rockyford Farm Junior Wins Wheat Title Again

HOWARD ROPPEL TAKES GRAND CHAMPIONSHIP AT DRUMHELLER'S SEED FAIR

Howard Ropell, blond young farmer of Rockyford, was again the winner of the grand championship of the 14th annual Drumheller seed fair Saturday. With it was the most prized trophy, the Allen cup. It, like the Allen cup in hockey, is a prized possession.

Last year Howard walked away with the same honors while his sister did the same the year before.

Stiffest opposition this year came from Marjorie Leiske of Lethbridge, who won top place at Belvoir on Thursday last. Marjorie took second honours on Saturday.

Howard also took top prize in the Canadian Utility seed competition and was accorded best sample for entries from his own club. He is one of the Rockyford junors who have worked under R. J. Milligan, district agriculturist at Strathmore. Mr. Milligan supervised the work of the club during the season, and coached members through to their wins.

Former Loyalta Man Passed on in States

Word was received over the week end that Gilbert J. Schock, passed away September 30. Mr. Schock, who was born in West Virginia on July 30, 1884, was 81 years of age.

Until just a few days six years ago, Mr. Schock had made his home in the Loyalta district, moving from there to the States. The Schock family spent more than twenty years in the Loyalta district, and are well known around the country-side.

Funeral services were held on October 4.

Town Council Holds Very Short Meeting

An assembly of the town was convened by noon fifteen on Tuesday when the Mayor and all councillors but one were present at the first meeting of the month.

Business dealt with included several small matters of little of importance were presented. It was announced that further action on water and sewer developments will have to wait for further word from the Board of Utilities.

Sidewalk planks had been wired down, it was announced, on a good portion of the walk along 10th Street Avenue, and further effort will be made along this line shortly. This is to stop the loose boards from flipping up when walked on.

It was announced that two more old age pensions have been granted locally, and that the Town would be requisitioned for its share in these matters.

The matter of an indigent receiving treatment in a Calgarian hospital was brought up, and after a following discussion, it was felt that the patient was not a charge on the Town, since he failed to meet residence qualifications. Further information is to be sought on the question, since the account is quite laconic.

Only two accounts were presented at the meeting, totalling \$16.50, and were passed.

Local Lad Takes Bride in Bellingham

A quiet candle-light service was performed Oct. 26 at the Church of God in Bellingham, Washington, when Evelyn Toews, the eldest daughter of Mr. and Mrs. H. Toews of Aldergrove, B.C., became the bride of Chester Charles Tench, youngest son of Mr. and Mrs. J. A. Tench of Strathmore.

The bride entered the church on the arm of her father, wearing a white moire floor length gown with a veil that her mother had worn exactly 24 years before her. She carried an orchid with small white streamers entangling small pieces of white tulle through the pages of a white bible, the gift of the groom. Her only ornament was a double strand of pearls.

Miss Evelyn Toews the bride-to-be, chose for the occasion a blue and white lace wedding gown with a bright red sash. Her maid of honor wearing gowns of yellow nylon and blue taffeta.

Mr. Stanley Tench attended the bride.

Ushers were Blair Ford, and Quinton, ladies, good friends of the couple.

A reception was held in the Church Parlors. Receiving with the bride and groom were Mr. and Mrs. Toews. Mrs. Toews chose for the occasion a pale blue lace dress with a Tatting corsage.

The following day they left for Strathmore where they spent a short honeymoon. They will take up residence in Edmonton where Chester is employed.

Local citizens were given an opportunity to see the long and the short of the new fire equipment on Oct. 24 when the shop of Hiltner and Lee caught fire. The boys arrived just in time with the new fire equipment and were able to save the building and contents. The fire was extinguished in about twenty minutes. Everyone was very pleased to see how well the new equipment worked.

Our second fire did not require so much equipment when the Pomeroy residence caught fire. The boys arrived just in time with Dick Koester in the lead and Eddie Griffiths at the fire extinguisher were able to control the fire in a few minutes with very little damage done to the building or contents.

The Senior group includes girls from fourteen to seventeen and is under the leadership of Misses Dorothy Scott and Eleanor Morris, with the girls meeting every Thursday evening in the Royal Canadian Legion Church. They have their year's plans drawn up and have already had a candy-pull party at the home of Vernie Mae Gannon.

Stettler Pair Married In Calgary, Make Home in Strathmore

A new young couple has been added to Strathmore following a quiet wedding which took place at the home of Rev. J. G. Meek of Calgary last Saturday evening, when Mr. and Mrs. John Duncan and Rev. and Mrs. Gilbert, son of Mrs. S. Gilbert, all of Stettler, exchanged marriage vows. Only a few relatives and close friends were present.

The bride looked sweet in a grey satin gown with white lace, accompanied and carried a lovely white garter, surrounded by a profusion of red roses. She was attended by Miss Frances Ludlow, of Calgary, who wore a gabardine suit of forest green, and carried a corsage of talisman carnations.

Mr. Gilbert was supported by his brother, Willard, as best man. Mr. Gilbert also comes from Stettler.

Following the ceremony a reception for about twenty guests was held in the Club, Club, Calgary, where a牡丹 5 card meal was served. The dining room of the Memorial Hall was emptied and filled many times over, and the tables were rarely empty during two and half hours. For most of the time the line was extended from the dining room door, where Mr. Duncan McMurray was collecting tickets, to away beyond the wicket, where M. B. Garrett was dispensing them.

Kitchen arrangements were carried out by Mrs. H. Boishevan, and Mrs. J. Ekes, who were ably assisted by a number of members of the Womans Auxiliary who undertook most of the chores in connection with the supper.

Arrangements for serving the various tables were made by Mrs. J. Robison and Mrs. Andy Scott. Mrs. Charlie Scott took care of the long list of donations.

CONFFOUNDING THE EXPERTS

Tuesday's election in the United States is probably the most surprising feature in long years of American politics. Even his own supporters seemed to give Harry Truman only a limited chance to make the presidency again, and according to all reports issued, verbally on the air, or written in newspapers or magazines, all of the expert opinion guessers were strongly backing Gov. Dewey.

Just as surprising was the way in which the Democrats pulled ahead of the Republican favourites for the seats in the Congress and the House of Representatives. General opinion was that the Democrats had been around too long, and there would be a decided swing to the Republican platform; results, of course, were exactly the other way around.

Just what all this proves is hard to say. Surprisingly in a way — for Truman has hardly shone as a supporter of the unions — labour swung its vote in his favour. Mass public opinion polls seem to show up in a very poor light. And professional bookmakers, with big money at stake, proved they couldn't guess either.

Apparently the American electors feel that Truman is best likely to give them a fair deal . . . that he is still as foursquare as he was painted, and that their best chance lies with the Democratic party as a whole.

REVISING TOWN FINANCE

Town financing will again be under discussion by the Council in a couple of months, and we think it is not too early to start thinking about features of it, especially in view of the consideration which was given last year to the implementation of a business tax. Whether or not Council would have instituted the matter last year is open to question, but it was discussed until it was discovered that two months notice had to be given.

Most ratepayers will agree that the price of taxes in Strathmore warrants every possible consideration being given to the matter. And the only time such consideration is worth anything is before the matter is enacted. Comment afterward, grumbling in particular, is just so much wasted effort.

Editorially we have supported the business tax before this as a sound principle. And we will continue to support it. We hope that the finance committee will study the matter pretty carefully before the next tax levy is set.

But we think we will have considerable support in suggesting that they consider, too, a business license in town. The business tax has no relationship to a license, and cannot in any way be used to regulate business. But a business license can.

And it has the added feature that it is much more universal in its applica-

Strathmore Standard

The Strathmore Standard, established in 1909, a member of the Canadian Weekly Newspapers Association is published Thursdays at the Standard office, Strathmore, by Charles A. MacLean, Editor and Publisher. Subscription price, \$2.50 per year in Canada; \$3.00 per year outside Canada.

tion. It would also be collected from outside agents doing business in the town, from door-to-door salesmen, peddlers, hawkers and so on.

Taxes of the local businessmen received a considerable hike last year under the new assessment. Their taxes will stay high for at least three more years, until a new assessment, and may well continue then to be high. And we feel that if it is reasonable to expect the local businessman to pay a high price for the privilege of doing business here, then it is also reasonable to expect the travelling businessman to pay a price for the trade he does in the town.

We quite realize that the Town is not permitted to charge a high license fee merely for the sake of revenue, but it does seem only fair to treat all in like manner. The practise has already been extended to some firms travelling through . . . in fairness even to them, others should also be required to pay.

It's a good idea in principle, we feel, and we think that local businessmen would agree that both matters might well be thought over for some time previous to budget time.

THE LIGHT ON THE CENOTAPH

It's about two months since the flood light was installed to play on the Cenotaph in Strathmore, and during the weeks we've looked at it on many occasions and been greatly pleased with it. Mr. Ian MacKenzie is responsible for the installation, and we feel that he deserves a vote of credit for his idea. It serves as a reminder, now and again, when passing the Memorial Hall, of a memory which is too often overlooked until Armistice Day, and then remembered only for the day or so.

While we're giving credit, we should mention Mr. Maynard Conybear, who went to some trouble to help Mr. MacKenzie in his project, and the Calgary Power Co., who generously allowed the light to be hooked on to their pole and power line with no charge.

In the conducting of the Memorial Hall and the town, it may only be a small affair, but we're inclined to think that many of these small affairs build up into a big affair, and make the town,

Commercialism in Sport

Athletics have become commercialized in Canada to a degree not fully appreciated by the people of this Dominion. In this respect, we have followed the example of the United States. Many lovers of amateur sport will regret this trend of the times.

Professionalism has also manifested itself in other lines of sport, particularly in baseball, rug by football and lacrosse. It has been suggested that the Canadian baseball team in the prairie conference is in excess of \$75,000. A good baseball player can get a pretty

fair salary during the summer months for doing nothing but play ball.

All this commercialism has led

to a lot of cut-throat tricks for extracting money from the

loving public. One of these ideas is the play off system. This provides

for a final series of games at the

end of the season between the first,

second, third or fourth teams in the

regular schedule. No regular series

of games during the season.

The real purpose of sport should

be to develop the physique of those

participating therein, to teach boys

and girls the value of teamwork and to inculcate in the minds of youth the ideals of true sportsmanship, but with thinks about the profit motives any more? The present objectives are to win at any cost and, in the process, to extract every possible dollar from the sport patrons.

Mrs. Lennox: "I would like to draw your attention to the inhuman practise of scratching racehorses. My husband, who is by no means a kind-hearted man, is much disturbed about it, too."

Mrs. Roberts (at birthday party): "Alban, won't you have another piece of shortcake?"

When he returned from lunch, he found a note which read: "On account of Joe and Sam was, your plant is not plastered yet. Fred."

"And what is your reason for wishing to marry my daughter?" asked Pete Siemens.

Puzzled, Walter Dirks scratched his head, thought a moment, then answered: "I have no reason. I'm in love."

Bob Lennox (after the theatre): "But, dear, what did you object

Mrs. L. McKinnon is visiting at the home of Mr. and Mrs. Don McKinnon.

Congratulations to Mr. and Mrs. Wm. Zellman on their Silver Wedding anniversary Oct. 27. The occasion was celebrated by a family gathering at the home of the honored couple on Sunday, Oct. 31.

The P.C.B. Club held a Home Town Night on Friday, Oct. 29, songs by Mr. and Mrs. W. W. W. Gathen, action songs and skits by junior girls, piano selections, tap dancing and a selection by the Farmers Orchestra (7777) all combined to make a delightful program. Highlights of the show were a fashion parade showing that the well dressed woman should wear. The models were really spectacular. Wow!

Those curves. This enjoyable program, of which Mrs. L. Lea was chairman, was followed by a very nice lunch and a couple of hours of dancing.

Keith and Kaye McKinnon left Tuesday to attend classes in Agriculture and Home Economics at Olds.

Melvin Lee has left Birks in Calgary and is going to Edmonton where he has a new job as an engraver. Best of luck, Melvin!

Mr. Harry Shelley of Armstrong, B.C. spent a few days with his niece Mrs. Don McKinnon.

This is one of the most beautiful and impressive features of the C.G.I.T. year and makes a very happy memory for the participating girls as well as their friends who share the service with them.

Mr. and Mrs. E. Moe have returned to Langdon after spending a few days visiting in Red Deer, the guests of their son-in-law and daughter, Mr. and Mrs. George.

EVERYBODY'S BUSINESS by Don Graham

Have you made any new friends lately?

Of course we always want to keep our tried-and-true friends. But to make new ones is to discover an important secret of richer, more interesting life. Like travel, new faces and new personalities help lift us out of our ruts.

So, instead of waiting for new friends to drift into our lives, it is a good plan to seek them and cultivate them.

Where will you find them? Right in your own town — perhaps in your neighborhood, church, club or place of work. Already you have a "nodding acquaintance" with some people who may later be included in your circle of intimate companions.

Choose from all types—not just those whose occupations and interests are similar to yours. Favour those who are mentally stimulating.

Of course, to make new friends means that you must usually make the first move. But most people appreciate being singled out and quickly respond to friendly overtures. And the little effort you make will pay dividends in happier, more successful living.

Like a good friend, the modern life insurance agent is always ready to offer helpful advice when needed. And as a result of his services, millions of Canadians enjoy peace of mind through owning life insurance.

UEFB MOBILIZES TO GIVE BRITAIN STRENGTH ... IN COLD WAR TO WIN THE PEACE

REASON FOR UEFB

By centralizing buying and transportation, including delivery at destination, substantial savings can be effected. The scattered efforts of many can be channelled into an efficient single stream of relief, without a loss of individuality as to persons, groups or organizations.

MORE AID PER DOLLAR

For example: the cost of placing a ready packaged 10 lb. parcel in the hands of a recipient in Britain, exclusive of content purchase price, is approximately \$2.50 at present, whereas through UEFB concessions the comparable cost would be 57c to 79c. This economy does not include the very substantial saving which bulk purchasing effects.

The gallant people of Britain are suffering today because they are determined to win the cold war. They are the only nation in Europe fighting with body and mind to vanquish the spectre that haunts the Old World.

Their health is being weakened, their efficiency impaired, by the tremendous restrictions they have imposed upon themselves. They stand in danger of being defeated by undernourishment.

Why? Because Britain imports four-fifths less goods than before the war, yet exports more than half as much again as in 1939.

Says the British Ministry of Food:

"... we are living on marginal nutritional standards, and there is cause for anxiety lest this should be having adverse effects on physique and health... Everything you can send us is wanted and urgently wanted."

If the British people go under, YOU and all of us, will feel the effects. We need a strong Britain to help fight the cold war. Give generously to UEFB—TODAY.

UEFB offers the best means of making your aid to Britain effective now.

UEFB is a voluntary organization set up to collect, forward and distribute aid to the undernourished people of Britain. UEFB purchases supplies in bulk. The British Government supplies free transportation. The UEFB British Advisory Council assures that your dollars will buy what is most needed for those who need it the most.

Although UEFB cannot at present handle used clothing, arrangements are being made to do so early next year.

Says the British Ministry of Food:

"... we are living on marginal nutritional standards, and there is cause for anxiety lest this should be having adverse effects on physique and health... Everything you can send us is wanted and urgently wanted."

Winnipeg, Brandon and Hus-
ton came to help. The Standard
Chapter of the O.E.S. make a very
pleasant and successful evening on
Tuesday when the Worthy Grand
Matron of Alberta, Mrs. Mabel Ar-
mitage, was the guest of honor.

The Standard Hall of the U.F.W.
A. entertained the Gleichen U.F.
W.A. at a Hallowe'en party Wed-
nesday afternoon at the K.P. Hall.
The tables looked very pretty in
traditional color scheme, complete
with hallowe'en decorations. Very
interesting talks were enjoyed from
Mrs. Barker and Mrs. Armstrong.
Two interesting contests were ar-
ranged, the winners being Mrs.
McArthur of Gleichen and Mrs.
Armstrong of Hussar. A lovely
lunch was the climax of the after-
noon.

The K.P.'s were hosts to their
wives on Thursday evening when they
gave a banquet in the K.P.
Hall.

Mrs. Mons Hansen drove a number
of members of the Young People's
Society to Edmonton to attend the
convention there recently.

Miss Marion Petersen, who has
been in the air all fall gone to Cal-
gary to find a job, is working for
Mrs. Alex Buckley, Patsy and
Norma of Olds relatives and friends
Friday and Saturday.

The school children enjoyed a
Hallowe'en party Wednesday after-
noon, arranged by their teachers.
Art Grant has received his new
bus which is certainly very nice.

A party was arranged Saturday
evening at the home of Mrs. Chris
Austin and Mr. and Mrs. Mervin
Austin (formerly Miss Claire McVay)
a recent bride. Mrs. Austin
taught in Standard some time ago.
A delicious lunch was enjoyed after
which many useful and lovely gifts
were presented to the bride.

Sunday evening members of the
Bridge Club rented the K.P. Hall
and invited all the children, big or
little, from town or the country,
who were Halloweening to come in
and play games and have a ghoulish
time. They looked as though all the
ghosts, tramps, ladies and gentle-
men had arrived they were all seat-
ed and served hot cocoas, buns and
pumpkin pie with whipped cream.
All the children enjoyed the many
games and singing was enjoyed. It
is to be hoped that the ladies will
consider making this an annual party.

The children certainly enjoyed
themselves as well as being cozy
and warm and easily found by their
parents.

Mrs. Wirt held the annual musical
recital Friday night. It was thor-
oughly enjoyed by the children and
their parents. Mrs. Wirt was pre-
sented with a bouquet of mums by
her pupils. Lunch was enjoyed at
the close.
